

CBD-10H-E/CBD-10L-E

Steam Box (Standard Type / Low Type)

The best selling machine for a long time with a simple function and a high reliability.

High efficiency box shaped finishing available for all kinds of clothes

Clothes hung in the compact box is to be exposed by steam blown out from the floor amid high temperature and humidity atmosphere, and a wrinkle on the clothes is to be stretched away by own restoring force clothes naturally have.

Vibration

By vibrating hangers automatically, efficiency of steam exposure can be brought about to the utmost. Meanwhile, it is possible to cancel this function in time of handling an article easy to get loose like knit.

High temperature circulation system bringing about high quality finishing

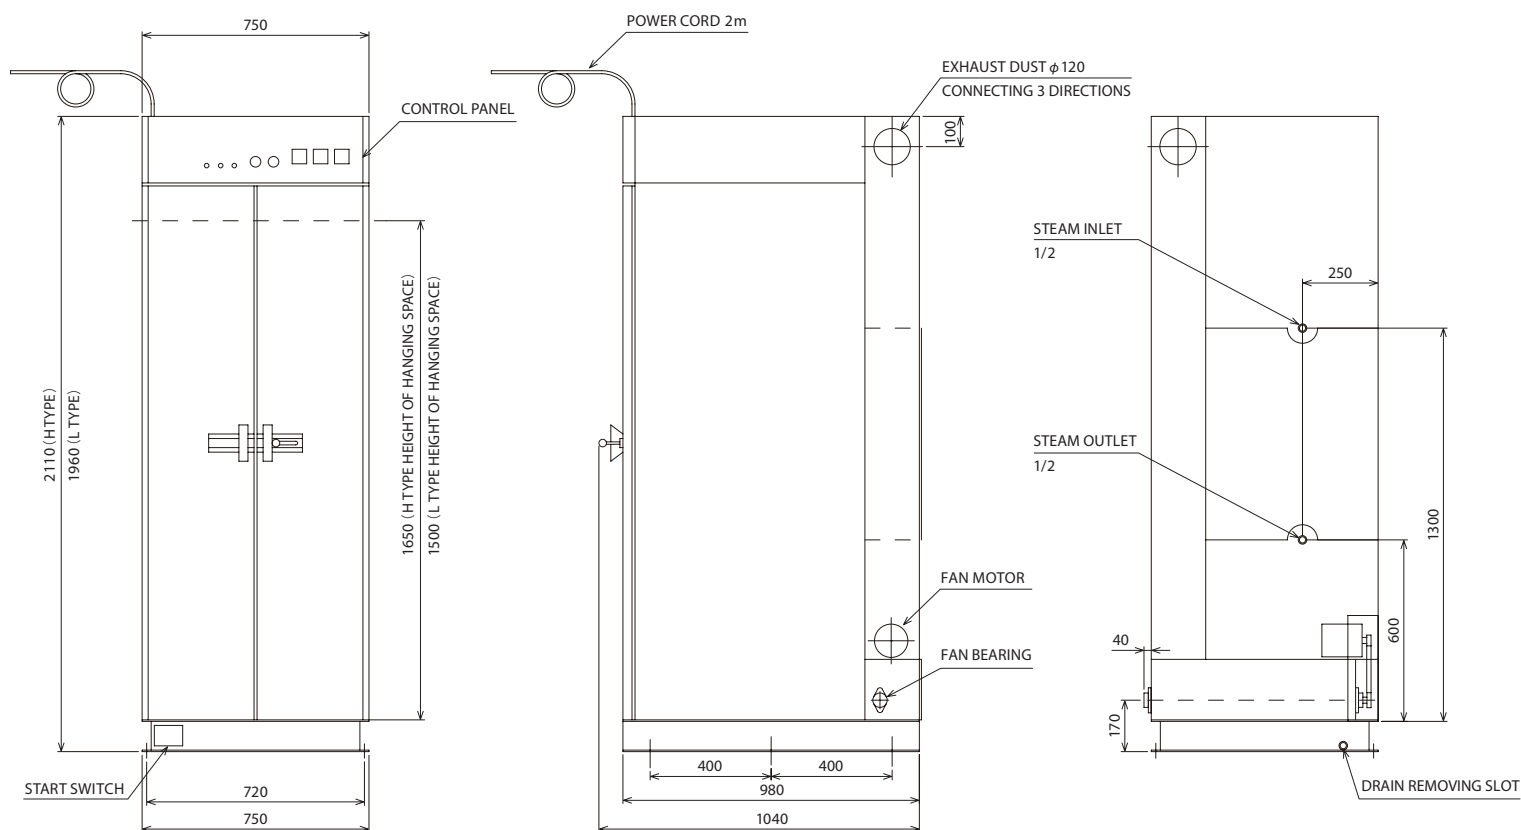

By circulating heat wind within the box after steaming, further finishing treatment goes on and prevents regenerating a wrinkle with prolonged drying time.

MAJOR SPECIFICATION

Integrated Technology for the Machine

Model number	CBD-10H-E	CBD-10L-E
Model name	Steam Box/Standard type	Steam Box/Low type
Through put	10 clothes	10 clothes
Power supply	3-phase 400V 50Hz	3-phase 400V 50Hz
Motor	Fan	0.2kW
	Shaking	0.05kW
Steam	Consumption	30kg/h
	Pressure	0.5MPa
	Inlet/Outlet	15A
Dimension	Width	750mm
	Depth	1000mm
	Hight	2140mm
Exhaust dia.	120 mm	120mm
Weight	220kg	210kg
